

FOR AGRICULTURE / CLEANING

Product reference

MZ3010E

7 HP motor hoe with 3 + 1 speed
/ MZ3010E

Brand

Bellota

EAN code

8414299085556

Bullet points

8 milling cutter groups with Bellota blades: top quality steel and more effective design.

7 HP motor and speeds: -1, 0, 1, 2 and 3.

Double filter: in dry and oil bath, for greater engine protection.

Cast iron chassis.

Description

7 HP motor hoe with cast iron chassis, suitable for ripping dense and solid soils and for working large areas. It is equipped with Bellota blades manufactured in Spain, made of Al Boron 27MnCr25 steel with hardness 49/51 HRc, with a 1mm edge on one side, which improves the effectiveness of the machine. Chain + belt transmission system. With four speeds: -1, 0, 1, 2, 3. Its 8 groups of adjustable milling cutters allow to obtain 3 working widths: 450 - 650 - 850 - 1050 mm. Working depth: 150 - 300 mm. It has a double filter: dry + oil bath, for greater engine protection and oil level warning for greater machine protection. With side discs and pneumatic side wheels.
